EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On the first line of claim 32, replace " a recording medium" and "a program" to "a computer-readable medium" and "a computer-executable program", respectively.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 05/15/06. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

3. Claims 27, 28, and 30-36 are allowed.

Claims 27, 32 and 33 are independent claims.

The following is an examiner's statement of reasons for allowance:

As to claims 27, 32, 33, the present invention from the application discloses a printing processor, a printer setting method and medium comprises "activating a second window by the user via a selection in the first window in which the second window indicates the special set data being confirmable or changeable by the user; and instructing the printer to start printing, via a

window that is different from the second window, after the special set data has been confirmed or changed by the user in the second window”.

Either or the combination of the prior art attached on IDS filed on 05/15/06, including an updated electronic text search, fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
